ORGANISATIONAL SKILLS

Problem-solving

I have dealt with a variety of customers while working as a teacher and have always successfully solved problems in a calm and professional manner.

Resilience

While studying abroad I taught myself how to adjust to the new conditions, easily overcome adversity and regard every issue not as a difficult challenge, but rather as an opportunity to advance myself and learn from my own experience.

COMMUNICATION AND INTERPERSONAL SKILLS

Cultural awareness

I enhanced my cultural awareness through spending an exchange year on *FLEX Program at Delta High School* in Muncie, Indiana, the USA, completing a one-week intensive course at *Kensington Academy* in London, the UK, being a *European Youth Parliament* member and spending a semester as an Erasmus+ exchange student in Germany.

Communication skills

I developed my communication skills through traveling, teaching students of different ages and backgrounds, participating in a variety of conferences, delivering speeches at and outside of the university and being an active participant of international communities during my exchange programmes in the USA and Germany.
